PACKAGING

Case width:	34	**Case length:**	36.5
Case height:	30		

DETAILS

Manufactured in Spain by Pujadas in Polyethylene steel following the universal measurements of the EN-631.2 standard. Highly resistant to impacts thanks to its thickness and reinforced edges. Its design, with small interior radii, allows you to maximize the capacity of the trays and at the same time be able to stack them together to save storage space. Ideal for cooking in ovens, transportation (buffets, catering or delivery), storage and presentation in hot and cold buffets. The Pujadas range of GN containers has a wide range of accessories such as lids made of the highest quality stainless steel.
