DETAILS

Pujadas presents the only 50x50 cm baskets for washing dishes, glassware and cutlery whose side walls can be open or closed without having to change the basket, thanks to the use of interchangeable side flaps which come in 6 standard colours known as FLAPS. A system, paternted by Pujadas, that has been given the name FLAP-RACK. The FLAPS or side covers can be easily personalized with a corporate logo, the name of the dishes or glasses or even the colour, always on request. In addition, this system allows you to adapt the height of the baskets to the glassware or crockery. Designed to maximize washing and to transport and store dishes safely and hygienically. Ideal for catering and associations.
