Product Family: Food Warming Equipment

Buffet induction warmer IP WARM 40 x 40 D

The IP Warm countertop induction warmer (40 x 40 cm) is a professional hot-holding solution designed for buffets, self-service stations and catering events. Its full-surface heating ensures even temperature maintenance, while the touch-control interface allows precise and intuitive adjustments. The durable vitroceramic surface with stainless steel edging is easy to clean, and the 1000 W power output maintains food between 40 °C and 100 °C in 5-degree increments, delivering reliable performance in demanding service environments.

Features & Benefits

- Full-surface heating for consistent hot-holding
- Touch-control interface for precise temperature adjustment
- Vitroceramic surface with stainless steel edge: durable and easy to clean
- 1000 W power with 40–100 °C temperature range in 5 °C increments
- Ideal for buffets, self-service areas and catering events
- Countertop model (40 x 40 cm) ideal for any service setup

MODEL INFORMATION

EAN 13	8421661636865
