Life Collection deep square bowl 37,5 centimeter melamine in white

The Life Collection deep square bowl by Pujadas offers a winning combination of sophistication and strength. This bowl is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. It looks like porcelain, but is more durable and lightweight, so it's a better choice for busy foodservice operations. This heat- and corrosion-resistant bowl has a temperature range of -20°C to 70°C (-4°F to 158°F), and the nontoxic, odorless construction is SGS-certified for food contact. The neutral white color creates a bright and fresh look, while the wide, square rim frames your delicious food items beautifully. This elegant bowl features a depth of 8 ⅘ centimeters for an impressive capacity that's ideal for popular food items at any catering operation, restaurant, hotel or similar establishment.

MODEL INFORMATION

EAN 13	8421661220057
(W) Width (CM)	37.5
(D) Depth (CM)	37.5
(H) Height (CM)	9
Weight (KG)	1424
Construction Material	Melamine
Material Type	Polymers
Case Lot	6
