# Steam table pan 1/2 size gastronorm 65 millimeter deep melamine in white

With its classic white color, this steam table pan by Pujadas fits in any establishment. It's made of durable, lightweight melamine, which is a synthetic resin that becomes hardened and formed after heating. This heat- and corrosion-resistant pan has a temperature range of -20°C to 70°C (-4°F to 158°F), and the nontoxic, odorless construction is SGS-certified for food contact. The 65-millimeter depth offers impressive capacity, the strong corners resist dents and the smooth interior ensures quick cleaning. This 1/2-size gastronorm pan provides a reliable performance, making it a valuable addition to restaurants, catering operations, hotels, bars, cafés and more.
