Sharing Collection deep rectangular serving plate 50 x 20 cm melamine in white

Stand out from the crowd with this Sharing Collection deep rectangular serving plate by Pujadas, which offers an impressive capacity for all your most popular food items. It's made of melamine, which is a synthetic resin that becomes hardened and formed after heating. This plate looks like porcelain, but is more durable and lighter weight, so it's a better choice for busy foodservice operations. It's heat- and corrosion-resistant, has a temperature range of -20°C to 70°C (-4°F to 158°F) and features a nontoxic, odorless construction that is SGS-certified for food contact. This white serving plate offers a light, fresh appearance and is ideal for upscale catering operations, restaurants, hotels and more.
