Mini square plate 170 x 140 mm melamine in white

With a square shape and smooth, rounded corners, the mini square plate by Pujadas is an elegant option for small items like snacks or appetizers. This plate features a white color for a light, neutral look, and its nontoxic, odorless construction is SGS-certified for food contact. This plate is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. It looks like porcelain, but is more durable and lighter weight, so it's a better choice for busy foodservice operations. It's heat- and corrosion-resistant and has a temperature range of -20°C to 70°C (-4°F to 158°F) for impressive versatility.
