Product Family: Mini

Appetizer spoon 145 x 45 mm melamine in white

Serve individual appetizers, desserts and more with the sophisticated appetizer spoon by Pujadas. This spoon features a neutral white color for a clean, crisp look, and its nontoxic, odorless construction is SGS-certified for food contact. It is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. It looks like porcelain, but is more durable and lighter weight, so it's a better choice for busy foodservice operations. This appetizer spoon is heat- and corrosion-resistant and has a temperature range of -20°C to 70°C (-4°F to 158°F) for impressive versatility.

MODEL INFORMATION

EAN 13	8421661221108
(W) Width (CM)	14.5
(D) Depth (CM)	4.5
(H) Height (CM)	5
(L) Length (CM)	13
Weight (KG)	0.024
Construction Material	Melamine
Material Type	Polymers
Case Lot	12
