Product Family: Display

Double-sided display plate 33 centimeter melamine with slate- and bamboo-style sides

Serve your most exciting menu items on the double-sided display plate by Pujadas for a sleek presentation. This double-sided plate looks like slate on one side and bamboo on the other, offering a versatile appearance that matches any design style. This display plate features a nontoxic, odorless melamine construction that's SGS-certified for food contact. Melamine, which is a synthetic resin that becomes hardened and formed after heating, looks like porcelain but is more durable and lightweight. This display plate is heat- and corrosion-resistant and has a temperature range of -20°C to 70°C (-4°F to 158°F). The 33-centimeter size is ideal for serving a wide range of menu items including appetizers, individual courses, desserts and more.
