Life Collection 1/2-size gastronorm serving tray melamine in white

The Life Collection serving tray by Pujadas combines a sophisticated presentation with impressively strong construction. This tray is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. It looks like porcelain, but is more durable and lighter weight, so it's a better choice for busy foodservice operations. This heat- and corrosion-resistant tray has a temperature range of -20°C to 70°C (-4°F to 158°F) and the nontoxic, odorless construction is SGS-certified for food contact. The neutral white color creates a bright and fresh look, while the wide rim frames your delicious food items beautifully. This elegant 1/2-size gastronorm tray is an excellent choice for upscale buffets, serving lines and more.

MODEL INFORMATION

EAN 13	8421661221511
(W) Width (CM)	32.5
(D) Depth (CM)	26.5
(H) Height (CM)	2
Weight (KG)	0.825
Construction Material	Melamine
Material Type	Polymers
Case Lot	12
