Featuring an asymmetrical, contemporary shape, the Ola Collection oval bowl by Pujadas is sure to wow your guests. Though it looks like porcelain, this bowl is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. The result is a durable, lightweight product that's heat- and corrosion-resistant. It's also nontoxic and odorless, SGS-certified for food contact and suitable for temperatures between -20°C and 70°C (-4°F and 158°F).
