Sharing Collection display stand 49.5 x 16 x 8.5 cm bamboo with three bowls 16 centimeter melamine in white

Add something new and exciting to your serving area with the Sharing Collection display stand and bowls by Pujadas. The natural bamboo stand offers an authentic appearance and long-lasting durability, while its 8 ½-centimeter height maximizes vertical space. The solid, squared design provides impressive stability for the three bowls. These heat- and corrosion-resistant bowls are made of melamine, which is a synthetic resin that becomes hardened and formed after heating. They're nontoxic, odorless and a durable, lightweight alternative to porcelain. These 16-centimeter bowls feature a temperature range of -20°C to 70°C (-4°F to 158°F) and are SGS-certified for food contact. Their white color creates a light, fresh look that is an attractive contrast to the bamboo stand for a one-of-a-kind presentation.
