# Sharing Collection oval serving plate 32,5 x 20 x 4 cm melamine in white

Serve up all your guests' favorites with the Sharing Collection oval serving plate. It's made of melamine, which is a synthetic resin that becomes hardened and formed after heating. This plate looks like porcelain but is more durable and lightweight, so it's a better choice for busy foodservice operations. It's heat- and corrosion-resistant, has a temperature range of -20°C to 70°C (-4°F to 158°F) and features a nontoxic, odorless construction that is SGS-certified for food contact. This white oval serving plate creates a light, fresh look, offers an impressive capacity and is ideal for upscale catering operations, restaurants, hotels and more.
