Serving board 1/1 size gastronorm melamine with oak-style surface

Customize your serving area to your unique style with this serving board by Pujadas, which features an oak-style surface. It's made of melamine, which is a synthetic resin that becomes hardened and formed after heating, for a durable performance and lightweight feel. This melamine serving board is nontoxic, odorless and SGS-certified for food contact. It's also heat- and corrosion-resistant and has a temperature range of -20°C to 70°C (-4°F to 158°F). This large 1/1-size gastronorm serving board offers plenty of room, and the nonslip feet on the bottom ensure a stable, steady base for whatever you decide to serve.
