# Serving board 1/1-size gastronorm melamine with black wood grain surface

Create a stylish serving area with this serving board by Pujadas, which features a black wood grain surface. It's made of melamine, which is a synthetic resin that becomes hardened and formed after heating for a durable performance and lightweight feel. This melamine serving board is nontoxic, odorless and SGS-certified for food contact. It's also heat- and corrosion-resistant, with a temperature range of -20°C to 70°C (-4°F to 158°F). This large 1/1-size gastronorm serving board offers plenty of room, and the nonslip feet on the bottom ensure a stable, steady base for whatever you decide to serve.

## MODEL INFORMATION
