Mini rectangular tray 13 x 9 x 2 cm melamine in white

With a smooth design and rounded corners, the mini rectangular tray by Pujadas is an excellent choice for snacks, appetizers and other small items. This white tray offers a light, neutral look, and its nontoxic, odorless construction is SGS-certified for food contact. This tray is made of melamine, which is a synthetic resin that becomes hardened and formed after heating. It looks like porcelain but is more durable and lightweight, so it's a better choice for busy foodservice operations. It's heat- and corrosion-resistant and has a temperature range of -20°C to 70°C (-4°F to 158°F). Thanks to the stackable design and small size, this tray offers impressive versatility and saves valuable space.
