Product Family: Inox First Cookware

Inox First saucepan 14 centimeter stainless steel with encapsulated aluminum base induction-ready in mirror finish

Combining a stunning performance with a unique, modern design, the Inox First saucepan by Pujadas is the perfect choice for the inspired chef. It features an elegant mirror finish, straight sides, and a sleek handle for a modern look, while the groove in the handle allows your thumb to rest comfortably. Manufactured with sophisticated all-over technology, this stainless steel saucepan features an encapsulated sandwich base with a magnetic stainless steel bottom for induction compatibility. The inside is completely filled with a thick layer of aluminum, with no empty cavities, which ensures faster and more even heat distribution all the way up to the edges of the pan. This all-over technology prolongs the life of the pan, as it prevents food, water and soap residue from building up, which would eventually cause damage. With the shiny exterior, smooth lines and top-tier construction, this 14-centimeter saucepan produces stellar results in style.
