Product Family: Special Trolleys

GN containers transport trolley

The GN Transport Trolley by Pujadas is designed for efficient and reliable transport of 3 gastronorm containers in hospitality settings. Constructed from durable stainless steel, this trolley combines strength and practicality. With a total maximum load capacity of 250 kg, each level supporting up to 80 kg, this trolley allows for versatile storage and transport of food and supplies. This trolley is available with either standard or polyamide casters for smooth mobility, with two of the wheels equipped with brakes for added safety.

Features & Benefits

- Made from high-quality stainless steel for long-lasting durability under heavy use
- Designed to hold 3 GN containers
- Maximum load capacity of 250 kg; each shelf supports up to 80 kg
- Available with polyamide castors for additional options based on your needs
